

Welcome to the Scarborough Sharks 09/10 Pee wee BB Team

Chuck East is very excited about coaching this season's Scarborough Sharks Pee wee BB team. He will be entering his 10th season involved in girls hockey. Chuck is an **Intermediate Level qualified coach**, and has been very successful in developing players in especially at the younger ages.

Chuck is pleased to announce that the 08/09 Midget AA Provincial Championship winning Head Coach **Dave Gwyn** will be joining his staff in an assistant coach / mentoring capacity.

In the **06/07** season, Chuck's Novice program catapulted 4 of his players into a 1st, 4th and 5th overall in the Toronto Maple Leafs Ontario Skills Challenge at the ACC. His goalie also placed 1st. This team also competed in both North Metro and Provincial championship weekends.

In the **07/08** and **08/09** seasons, Chuck's program has produced 2 consecutive LLFHL **1st place finishes** in his first 2 years in the Scarborough Sharks organization in Atom BB Division.

Chuck has held various positions from Assistant/Head Coach (7 yrs), Team Manager and VP of Rep for the Durham West Girls Hockey Association for 2 years. He was responsible for organizing all of DWGHA's 23 Reps teams (and 2 Teddy Bear teams) at every level. He was instrumental in helping combine Durham West's Elite Hockey Program together at the Intermediate AA, Midget AA, Bantam AA programs, which has provided many players scholarships in both the US and Canada. While constantly learning as student of the game, he mentored from some the best coaches in Women's Hockey.

Chuck's philosophy is simple. He strongly believes that if players enjoy coming to the rink and placed in a top ranked program his players will be successful.

His measure of success for his players this season are the following:

- Increase their love and passion for the game
- Significantly improve their skill level
- Instill good sportsmanship and fair play
- Develop good practice habits
- Increase focus, discipline and physical conditioning
- Provide a balanced hockey schedule to not effect school commitments
- Develop a strong TEAM bond on and off the ice
- Increase their overall knowledge and understanding of the game through off ice study and testing
- All players will want to return to hockey in subsequent years
- Most importantly have FUN!

Chuck and his coaching staff will be dedicated to respecting all players, parents, officials and their opposition. Chuck believes you must have an open approach, but no one person is bigger than the TEAM. He will provide the players and parents with code of conduct with team rules and expectations for this season to ensure that his team goals are met.

His passion, enthusiasm and love for the game **is** contagious and he can't wait to pass this on to his 09/10 team.
