ABOUT COACH DIANE

Diane has loved the game of hockey all her life and has been playing for over 38 years. In fact, she was one of the original Sharks! She maintains active involvement in the game by playing competitively in the Golden Blades League at York University.

Diane brings her female perspective and experience to her players - one of which is her daughter Erin - along with an understanding of the issues facing young teen girls – both on and off the ice. She has established trust, respect and communication with her players and models behaviours and attitudes that will benefit the girls as they develop their personal and professional lives.

In her off ice time, Diane has been working as a Registered Nurse at St. Michael's Hospital for the past 24 years.
