

Cory Britt –Scarborough Sharks Atom A

I am very pleased to have been selected as Head Coach for the 2019-2020 Atom A Sharks.

I have been extremely fortunate to be involved in the sport of hockey as a coach, on-ice official and player for many years. This past season I was given the opportunity to act as Head Coach for Novice B and as Assistant Coach with the Peewee A program and I look forward to continuing to develop the next group of Sharks players. I believe in encouraging players to show creativity and imagination within a team concept in both games and practices.

Hockey provides players with the opportunity to learn the value of hard work, dedication and teamwork while at the same time making friendships that can last a lifetime. It is very important to me that coming to the rink is an enjoyable experience for players and their families and I encourage everyone to approach me with thoughts or concerns at any time.

- The Atom A program will consist of the following:
 - Pre-season practices, exhibition games and an early bird tournament.
 - Regular season practices (2 – 3 per week including skills training provided by professional skills coach once per week)
 - Regular season games played as part of the LLFHL and subsequent playoff games and provincial games as determined by results.
 - Three or four in season tournaments, including one “out-of-town” tournament.
 - Goalie Training - Professional goalie training will be included in the team budget.

Please contact me if you would like more information on the 2019-2020 Atom A Sharks
