

Greg Wallace Coach Bantam BB

I would like to thank the Scarborough Sharks Hockey Association for selecting me Head Coach of the Bantam BB hockey team for the 2019-2020 hockey season.

I have over 35 years experience as Head Coach with the OWHA an GTHL . As a coach I take my job with great importance . I will be fair and attuned to the well being of all players. I commit my time for the purpose of assisting the players in their development as successful hockey players. I believe that developing players goes beyond the mere physical - skating, shooting etc. – I will also try to teach the players the importance of respect, self-esteem, sportsmanship , confidence and team play.

I also want to emphasize that the intensity and dedication to focus from each player is pinnacle to the success of our program.

The Bantam BB program will consist of the following

- Pre-season practice, exhibition games and tournament
- Regular season 2X1hour practices per week
- Professional instructor brought in when required
- Three or four tournaments including 1 out of town
- Goalie training will be included in the team budget
