

2019/20

Scarborough Sharks – Bantam B

Shane Crymble

I'm thrilled to be awarded the opportunity to coach the Bantam B team for the 2019-2020 season. I've been coaching in progressive positions within the Sharks organization for the last 4 years. I've played hockey my entire life and have a love and passion for the game.

I take a practical and transparent approach to developing players' skills and team tactics. Hockey is just as much physical as it is mental. I will encourage our players to adopt a growth mindset and help them look at their development differently. This approach is designed to enable them to achieve both their personal and team objectives.

I truly believe that hockey and sports in general can positively foster our kids' social skills while making friendships that can last a lifetime. It can boost self-esteem and self-confidence while helping them see how their hard work can pay off both on and off the ice. I will strive to create a positive, healthy, and respectful environment for our players to accomplish their goals.

Our program will include the following:

- 2 – Practices per week (1hr & 1.5hrs)
- 4-5 Exhibition Games (Pre-Season)
- 1 – Game per week (22 games plus playoffs)
- 4 – Tournaments (2 away, 2 local)
- 2 – Skills sessions per month (professional trainers)
- 3 – Team Building Events
