

2021/22

Scarborough Sharks – U18 Midget B/BB

Shane Crymble

I'm thrilled to be awarded the opportunity to coach the U18 Midget B/BB team for the 2021-2022 season. I've been coaching in progressive positions within the Sharks organization for the last 6 years. I've played hockey my entire life and have a passion for the game.

I take a pragmatic and transparent approach to player and skills development. I've been successful with players (and parents) buying into a growth mindset philosophy to achieve a high-level of player engagement. With focus on the journey and not outcomes, it creates a positive culture and perspective of the game. I use game video and analysis to develop practices that target gaps in team tactics and individual player development.

I truly believe that hockey and sports in general can foster positive social skills while making friendships and memories that can last a lifetime. It can boost self-esteem and self-confidence while helping players see how their hard work can pay off both on and off the ice. I strive to create a positive, healthy, and respectful environment for our players to accomplish their goals.

If you would like to know more about my program or coaching philosophy, feel free to reach out to me.
